Wilmington, Delaware 19801

Re: *TruePosition Inc. v. Andrew Corp.*, C.A. No. 05-747-SLR

Dear Chief Judge Robinson:

I write on behalf of Andrew Corporation regarding the claim construction in the above matter.

Andrew wishes to inform the Court that it agrees with TruePosition that the following claim terms listed in the January 19, 2007 Joint Claim Construction Statement (D.I. 130) do not require construction by the Court:

> Initiating
> Periodic
> Periodically
> Timing Signal
> Determining
> Processing

In addition, for clarification, Andrew agrees with TruePosition on the function (but not the structure) for the "means for processing said frames of data from said cell site systems to generate a table identifying individual cellular telephone signals and the differences in times of arrival of said cellular telephone signals among said cell site systems" limitation in claim 1 is:

> "processing said frames of data from said cell site systems to
> generate a table identifying individual cellular telephone signals
> and the differences in times of arrival of said cellular telephone
> signals among said cell site systems."

Andrew therefore will not address the above issues in its opening Markman brief.

Respectfully submitted,

Josy W. Ingersoll (No. 1088)
